SUGGESTIONS TO HELP YOU READ THIS FOLDER

THE CONTENTS

The Table of Contents shown at top of Pages 3 and 4 indicates the location, by page number, of the various information contained in this folder. Subjects are listed alphabetically.

For additional train service between Jersey City and Suffern, not shown in this folder, please refer to local time tables.

LOCATING SCHEDULE TABLES

To find the schedule of service to or from the station in which you are interested, first—locate the station name in the alphabetical index of stations shown on Pages 3 and 4, then—turn to the table or tables indicated by numeral to the right of station name. Tables follow in numerical order in the folder. Table Numbers do not correspond with page numbers.

READING OF TABLES

When stations are listed on tables in a column on the left, and train times are shown in columns to the right of station name, the table is to be read down, from top to bottom. As a further guide, "Read Down" appears at the top of such tables.

When stations are listed on tables in a column in the center, with train times shown in columns both to the left and right of station names, the table is read down from top to bottom on the left side, and read up from bottom to top on the right side. As a further guide, "Read Down" or "Read Up" is shown at top of respective columns.

On all tables, the schedule of each individual train is shown in a separate column, which may be on either side of the column showing station names. Each train has an operating number which appears at the top of the schedule column.

The abbreviation "Lv." next to station name in tables indicates leaving time; "Ar." for arrival time.

Train times from 12.01 a. m. (Midnight) to 12.00 Noon inclusive, are printed in light-faced figures; 12.01 P. M. (Noon) to 12.00 Midnight are printed in dark-faced figures.

Standard Time is used throughout, that is, Eastern Standard Time in the territory Ohio City, O. and east, Central Standard Time west of Ohio City.

Trains make regular stops only at stations where time figures appear in column opposite the station name.

When a letter, letters or symbol appears in column opposite the station name it indicates that the train stops there only on certain conditions which are explained in Reference Notes at bottom of that table. Observe carefully any such letters or symbols appearing on time tables.

IMPORTANT. When trains are shown as stopping conditionally at a station passengers should advise Station Agent, in advance, of their intention to board train or notify Conductor of intention to leave train, as case may be. Conditional stops are made only to receive or discharge revenue passengers.

When dotted lines (.....) only appear in column opposite station name, train does not stop.

A train may operate Daily, Daily Except Sunday, or on certain days only. In general, the days on which trains are scheduled to operate are shown on tables, at the top of columns, under each specific train number. In some instances, a symbol may be used for this purpose, with explanation in Reference Notes.

On main line Table 4, where a station name is indented to the right of balance of stations listed, and has heavy-faced lines above and below it, that station is located on a branch line or connecting service—schedule shown on separate table indicated.

EQUIPMENT

The equipment of principal trains—coach, Pullman, dining cars—is shown on Pages 9, 10, 23 and 24.

First—determine the number of the train, then—refer to equipment listing for that train number. Coaches are available on trains not described in equipment listing.
