MIDLANDER'S POPULARITY CONTINUES

HAS MADE SCORES OF FRIENDS IN THREE MONTHS

Better Departure Time Earlier Arrival Time at New York and Chicago

The new, fast train—THE MIDLANDER—which had its inaugural run on June 3, providing additional service to both World's Fairs, and to the cities along "The Route of the Erie Limited", has proved itself a most popular train.

The eastbound Midlander, leaving Chicago at 9:20 A.M. (Central Standard Time), insures a good connection with the early morning trains arriving from the West, and the westbound Midlander, arriving Chicago at 5:10 P.M. (C.S.T.), affords an excellent connection with most of the western trains leaving Chicago in the evening.

THE MIDLANDER, and its companion train—THE ERIE LIMITED, provide ideal, double service daily in each direction between New York and Chicago, and the other principal cities in the "Heart of Industrial America".

MEAL SERVICE PRAISED

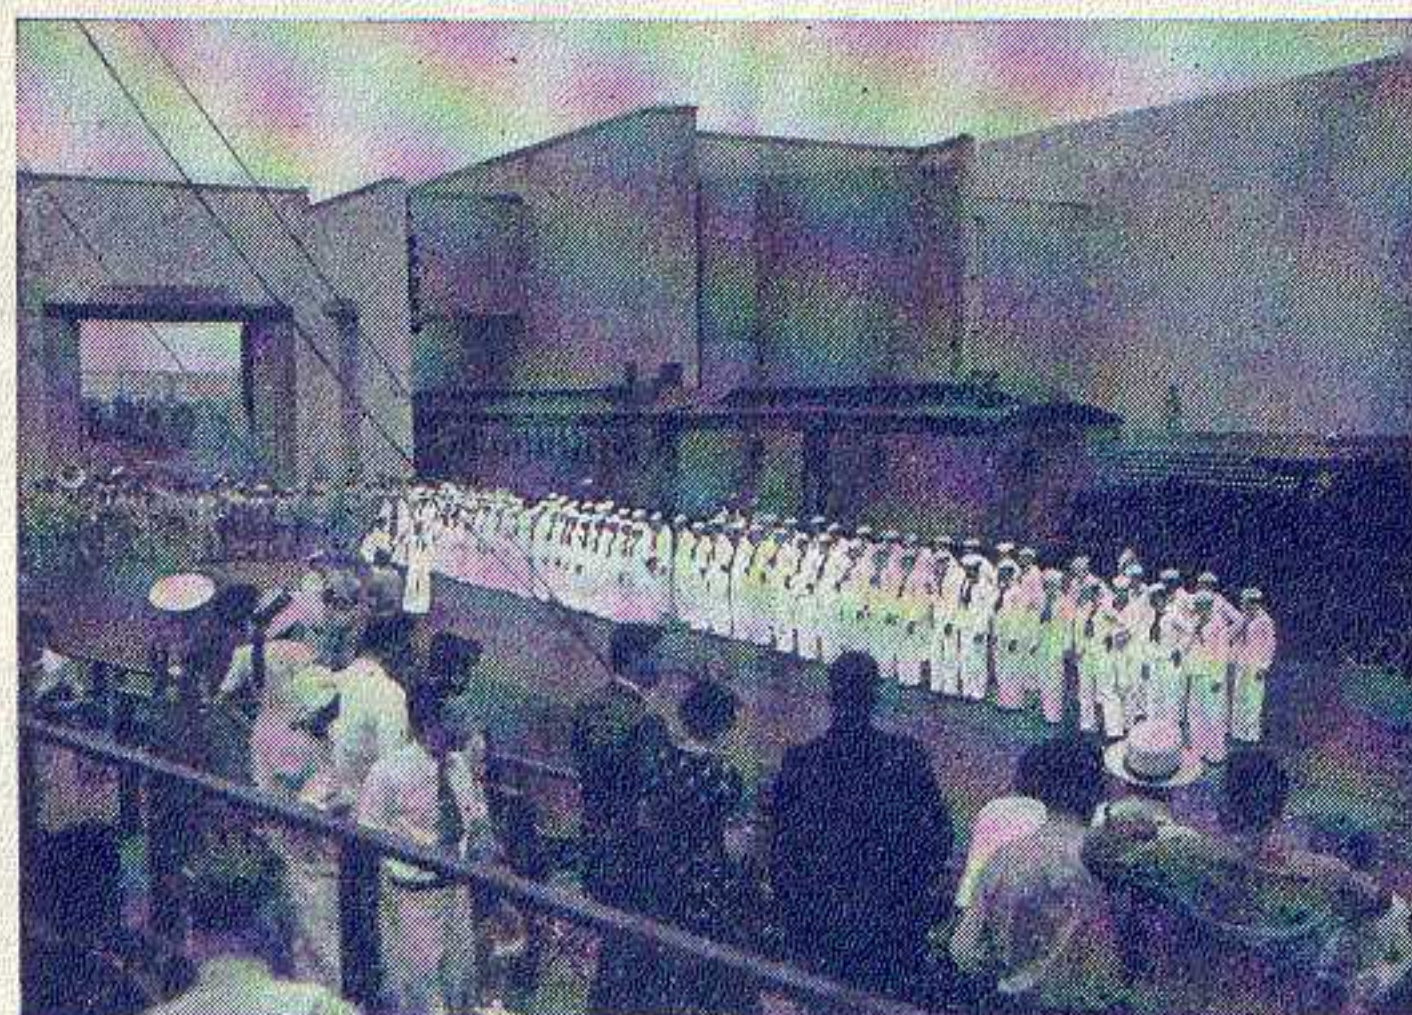

Many passengers have complimented us on our restaurant car service, and on the moderate charges—which have recently been still further reduced.

The restaurant cars are fully air conditioned, of course, as are all the other cars on the train, both coaches and Pullmans. While this has been a special boon during the summer, air conditioning is also greatly appreciated in fall and winter, when there are more extreme variations in temperature.

The Erie has found that women and children are enthusiastic over our service, both as to schedules and personnel. The crews of our trains are all picked men, and are ever on the alert to make passengers comfortable.

Whether you are bound on a pleasure trip to one of the Fairs, to a city along our line, or whether business duties require you to travel, you will find rest

and comfort on Erie trains. Keep in mind—always—that Erie fares are the lowest.

Whatever travel questions you wish to ask will be gladly answered by any Erie man, or send a post card or letter to the Passenger Traffic Department in Cleveland, and you will receive a prompt reply.

FARES TO WORLD'S FAIR SLASHED

*Apply in Pullmans
and in Coaches*

Late comers to the "World of Tomorrow", usually called the New York World's Fair, are going to receive a very special travel treat on the Erie for the period between September 15 and October 28.

These drastic fare reductions apply in Pullman cars over weekends, and in coaches daily, from all Erie Stations, Binghamton and west, and average about twenty-five per cent.

There are week-end trips, going each Friday evening and returning from New York on the Sunday evening immediately following.

Also, there are 8-day excursions which give the sightseer a full week in New York and at the Fair.

COOL DAYS AN INDUCEMENT
Many are of the opinion that

the brisk fall days are the ideal time for a visit to the Metropolis. Summer activities are still in full swing although the torrid season is past.

Any Erie Ticket Agent will be glad to give you helpful information about New York and the World's Fair, or a post card or letter to the Erie Railroad, Passenger Department, Cleveland, Ohio, will bring a prompt reply to any specific questions you may wish to ask.

See the Fair at these low fares.

CUT MEAL CHARGES AS FOOD COSTS RISE

Many Attractive Club Meals

CLEVELAND—Sept. 15. In the face of rising food prices, the Erie Railroad has reduced the meal charges on its dining cars.

For example, the following delicious breakfast is offered: Choice of FRUIT JUICE, BACON WITH FRIED EGG or CEREAL WITH CREAM, TOAST OR MUFFINS, MARMALADE, COFFEE, TEA, or MILK, 50c. An even more elaborate breakfast is available at 65c.

Luncheons and dinners range in price from 75c to \$1.00 for very excellent meals. The \$1.25 dinner, featuring BROILED MINUTE STEAK, is a real treat on wheels.

RAILROAD EXHIBIT IS FAIR'S LARGEST

As Big as Metropolitan Museum of Art in New York

The exhibit of the Eastern Railroads Presidents Conference, usually called simply Railroad Exhibit, covers the largest area of any exhibit at the New York World's Fair. The fact that every boy, whatever his age, loves a railroad, was never better shown than here. Since the very opening of the Fair, throngs have entered for each performance of "Railroads on Parade", and between times have amused themselves viewing "Railroads in Building" and "Railroads at

Work". Here one can learn more of the inside story of the great carriers than by reading many books on the subject.

Engines, large and small—old and new—are shown, and, indeed, whole trains. There is a miniature railroad covering more area than any other ever built. Switches, yards, tunnels, cuts, fills, all are here in miniature, and there are few who would not like to have this "toy" for their own.

"Railroads in Building" presents a graphic demonstration of the actual construction of the railways. Do not deny yourself this treat.

The Nation's Biggest TWIN FEATURE BILL

NEW YORK AND THE WORLD'S FAIR

You simply must not miss the greatest of all World's Fairs in New York this year. This tremendous \$150,000,000 exposition is the daily mecca of thousands of visitors from all over the nation—from every country in the world.

The New York World's Fair is far larger than any international exposition of history. In terms of physical area the Amusement Zone of the New York World's Fair is alone larger than the entire Paris Exposition of 1937.

In spite of its great size, the planners and engineers of the Fair have devised a physical layout that will enable you to see the many hundreds of features with a maximum of enjoyment and a minimum of fatigue.

Picture this mammoth 1,216-acre tract in the population center of the nation's largest metropolitan area. It is a veritable fairyland of beauty—a living Geography of the Earth and its peoples.

See "Railroads on Parade," "Railroads at Work" and "Railroads in Building." Put this and the principal other educational exhibits on your "must" list.

Your admission to the grounds of the New York World's Fair entitles you to enter 105 exhibit buildings and more than 1,500 exhibits without ANY additional charge!

Most of the spectacular industrial exhibits and shows that everybody talks about . . . most of the impressive foreign pavilions and buildings in the international area . . . all the buildings and exhibits from the various states . . . ARE FREE!

The nightly display at the Lagoon of Nations . . . the fireworks on Fountain Lake . . . the band concerts and various special events staged daily . . . FREE!

By all means see this thrilling spectacle—and with it the great City of New York, today not only the world's financial capital, but the greatest cultural and amusement center of all time.

Of course, travel by rail to New York. So swift, so safe, so comfortable, so convenient that you'll arrive refreshed and ready for the most exhilarating experience of your life.

For the duration of the Fair, rail and Pullman charges have been drastically reduced at most stations.

For special World's Fair folder and information as to reduced fares and all-expense tours consult any Erie Railroad Ticket Agent, or write to Passenger Traffic Department, Erie Railroad, Cleveland, Ohio.

HAND-BAGGAGE in Pullman Cars is restricted to what can be conveniently placed in the berth, seat or other accommodations purchased by the passenger.

CHICAGO PASSENGER AND BAGGAGE TRANSFER is performed by the Parmelee Company. A uniformed agent meets all incoming trains of the Erie Railroad on arrival at Dearborn Station.

ARTICLES LOST ON TRAINS or left in waiting rooms or stations, owners should apply to Lost and Found Bureau, (Baggage Room) Jersey City Depot, or address General Passenger Agent, Midland Bldg., Cleveland, Ohio, giving full description of the property, stating date of loss and number of train.

SAFETY FIRST HINTS—Carefulness on your part helps eliminate accidents. Don't get on or off a train in motion; wait for a full stop. Keep hand baggage out of car aisles; this will remove a cause of inconvenience, possibly of harm, to others. Walk carefully when entering or leaving train; high-heeled shoes are sometimes a cause of tripping or stumbling on car steps. Don't stand or walk close to the railroad track; look both ways before starting across. Courtesy toward your fellow travelers increases the pleasure of your journey.

1839—A CENTURY OF SERVICE—1939

A thrilling 5-act Drama of Transport by Edward Hungerford. Music by Kurt Weill. Orchestra and chorus under direction of Dr. Isaac Van Grove.

AT THE RAILROAD EXHIBIT

The World's Fair Railroad Exhibit, sponsored by 27 Eastern railroads, has three outstanding features: RAILROADS ON PARADE, RAILROADS AT WORK, and RAILROADS IN BUILDING.

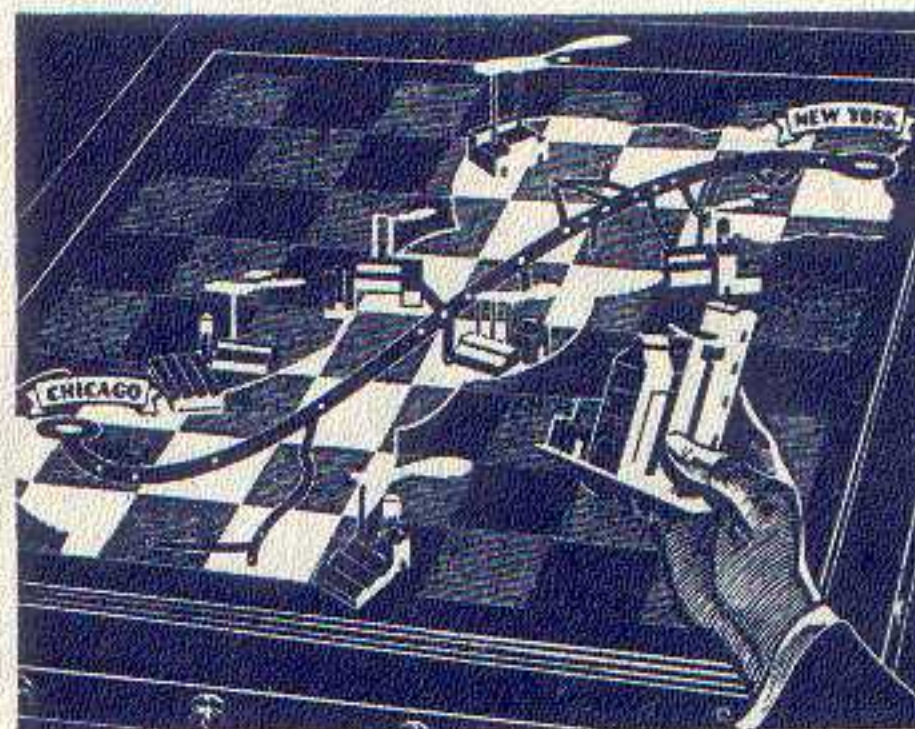

There are also track exhibits of foreign and American trains and equipment. The railroad building itself is the largest on the Fair site.

RAILROADS ON PARADE is a stage presentation of the story of transport development in America. It is presented in a great outdoor theatre, with a seating capacity of 4,000, on a stage designed to accommodate two standard-gauge railway tracks, highways for traffic, a cast of 200, and a channel for the passage of early watercraft.

RAILROADS AT WORK is housed in a theatre within the building. On a huge scenic diorama, 160 feet wide and 40 feet deep—designed to embody the topographical features of eastern states—with 500 model locomotives and cars, operating on 3,800 feet of miniature track, spectators see the operation in detail of a complete railway system.

RAILROADS IN BUILDING pictures in detail the construction of railroads and building of equipment, from forest clearing for a right-of-way to the completed railway system. The interior of the "mountain" houses the varied exhibits of the supply industry.

A special thriller among the track exhibits is a super 526-ton locomotive, the largest of its type ever built—which operates under its own power on a roller bed.
