# NEW, CONVENIENT LUGGAGE HANDLING SERVICE at Chicago!

**For passengers holding through-tickets to points beyond Chicago**

If you have three or more hours in Chicago before the departure time of your train to the West, your luggage is handled for you, free of charge, directly from your Erie coach or pullman to the parcel room of your connecting westbound train. You can forget your luggage until departure time, and spend all of your free hours for business or enjoyment in Chicago. Here's how this new Erie service operates:

**1** The Erie Train Porter takes your luggage shortly before arrival in Chicago, and gives you a claim check.

**2** When you leave your Erie train at Chicago your luggage is handled by the Erie to the parcel room of your connecting line.

**3** Unencumbered by luggage, you may spend all of your three or more hours for business or enjoyment in Chicago. (Limousine transfer service to connecting line available if desired, at no additional charge.)

**4** Then, shortly before departure time of your westbound train, you pick up your luggage at the parcel room of the station from which you are departing. Still no charge.

This new Erie service is available to all passengers—Pullman or coach, holding through-tickets to points beyond Chicago, who have three hours or more to wait in Chicago while making connections with any westbound train to any destination.

This service, of course, is also available

to passengers departing from Dearborn Station where no station transfer is involved, and where there is one hour or more waiting time.

Limousine transfer service to connecting lines is also available if desired, at no additional charge.

**For full details, consult your Erie Ticket Agent.**

## SUGGESTIONS TO HELP YOU READ THIS FOLDER

### THE CONTENTS

The Table of Contents shown at top of Pages 3 and 4 indicates the location, by page number, of the various information contained in this folder. Subjects are listed alphabetically.

### LOCATING SCHEDULE TABLES

To find the schedule of service to or from the station in which you are interested, first—locate the station name in the alphabetical index of stations shown on Pages 3 and 4, then—turn to the table or tables indicated by numeral to the right of station name. Tables follow in numerical order in the folder. Table Numbers do not correspond with page numbers.

### READING OF TABLES

When stations are listed on tables in a column on the left, and train times are shown in columns to the right of station name, the table is to be read down, from top to bottom. As a further guide, "Read Down" appears at the top of such tables.

When stations are listed on tables in a column in the center, with train times shown in columns both to the left and right of station names, the table is read down from top to bottom on the left side, and read up from bottom to top on the right side. As a further guide, "Read Down" or "Read Up" is shown at top of respective columns.

On all tables, the schedule of each individual train is shown in a separate column, which may be on either side of the column showing station names. Each train has an operating number which appears at the top of the schedule column.

The abbreviation "Lv." next to station name in tables indicates leaving time; "Ar." for arrival time.

Train times from 12.01 a. m. (Midnight) to 12.00 Noon inclusive, are printed in light-faced figures; 12.01 P. M. (Noon) to 12.00 Midnight are printed in dark-faced figures.

Standard Time is used throughout, that is, Eastern Standard Time in the territory Ohio City, O. and east, Central Standard Time west of Ohio City.

Trains make regular stops only at stations where time figures appear in column opposite the station name.

When a letter, letters or symbol appears in column opposite the station name it indicates that the train stops there only on certain conditions which are explained in Reference Notes at bottom of that table. Observe carefully any such letters or symbols appearing on time tables.

**IMPORTANT.** When trains are shown as stopping conditionally at a station passengers should advise Station Agent, in advance, of their intention to board train or notify Conductor of intention to leave train, as case may be. Conditional stops are made only to receive or discharge revenue passengers.

When dotted lines ( . . . . ) only appear in column opposite station name, train does not stop

A train may operate Daily, Daily Except Sunday, or on certain days only. In general, the days on which trains are scheduled to operate are shown on tables, at the top of columns, under each specific train number. In some instances, a symbol may be used for this purpose, with explanation in Reference Notes.

On main line Table 4, where a station name is indented to the right of balance of stations listed, and has heavy-faced lines above and below it, that station is located on a branch line or connecting service—schedule shown on separate table indicated.

### EQUIPMENT

The equipment of principal trains—coach, Pullman, dining cars—is shown on Pages 9, 10, 23 and 24.

First—determine the number of the train, then—refer to equipment listing for that train number. Coaches are available on trains not described in equipment listing.

### ADDITIONAL INFORMATION

Among other service features and items of interest to passengers, the following subjects may be found on pages as indicated in Table of Contents:

Fares, one-way and round-trip rail, also Pullman, between principal points.

Stop-over privileges; baggage regulations; children's fare regulations. Maps—Erie Railroad, New York City; Downtown Chicago.

It is urged that passengers carry with them only such baggage as required for their immediate needs and avail themselves of the free baggage service for other baggage required on reaching destination.

**SAFETY FIRST HINTS**—Carefulness on your part helps eliminate accidents. Don't get on or off a train in motion; wait for a full stop. Keep hand baggage out of car aisles; this will remove a cause of inconvenience, possibly of harm, to others. Walk carefully when entering or leaving train; high-heeled shoes are sometimes a cause of tripping or stumbling on car steps. Don't stand or walk close to the railroad track; look both ways before starting across. Courtesy toward your fellow travelers increases the pleasure of your journey.
