

why Prospect

...for a new plant location?

IF YOU'RE seeking a location for your new plant or warehouse, tell us what you need. We'll give you complete information about sites on the Erie Railroad that meet your requirements. Quick and *confidential*, of course. You waste no time or money "prospecting". Most important, you greatly increase your chances of finding *exactly* the location you need.

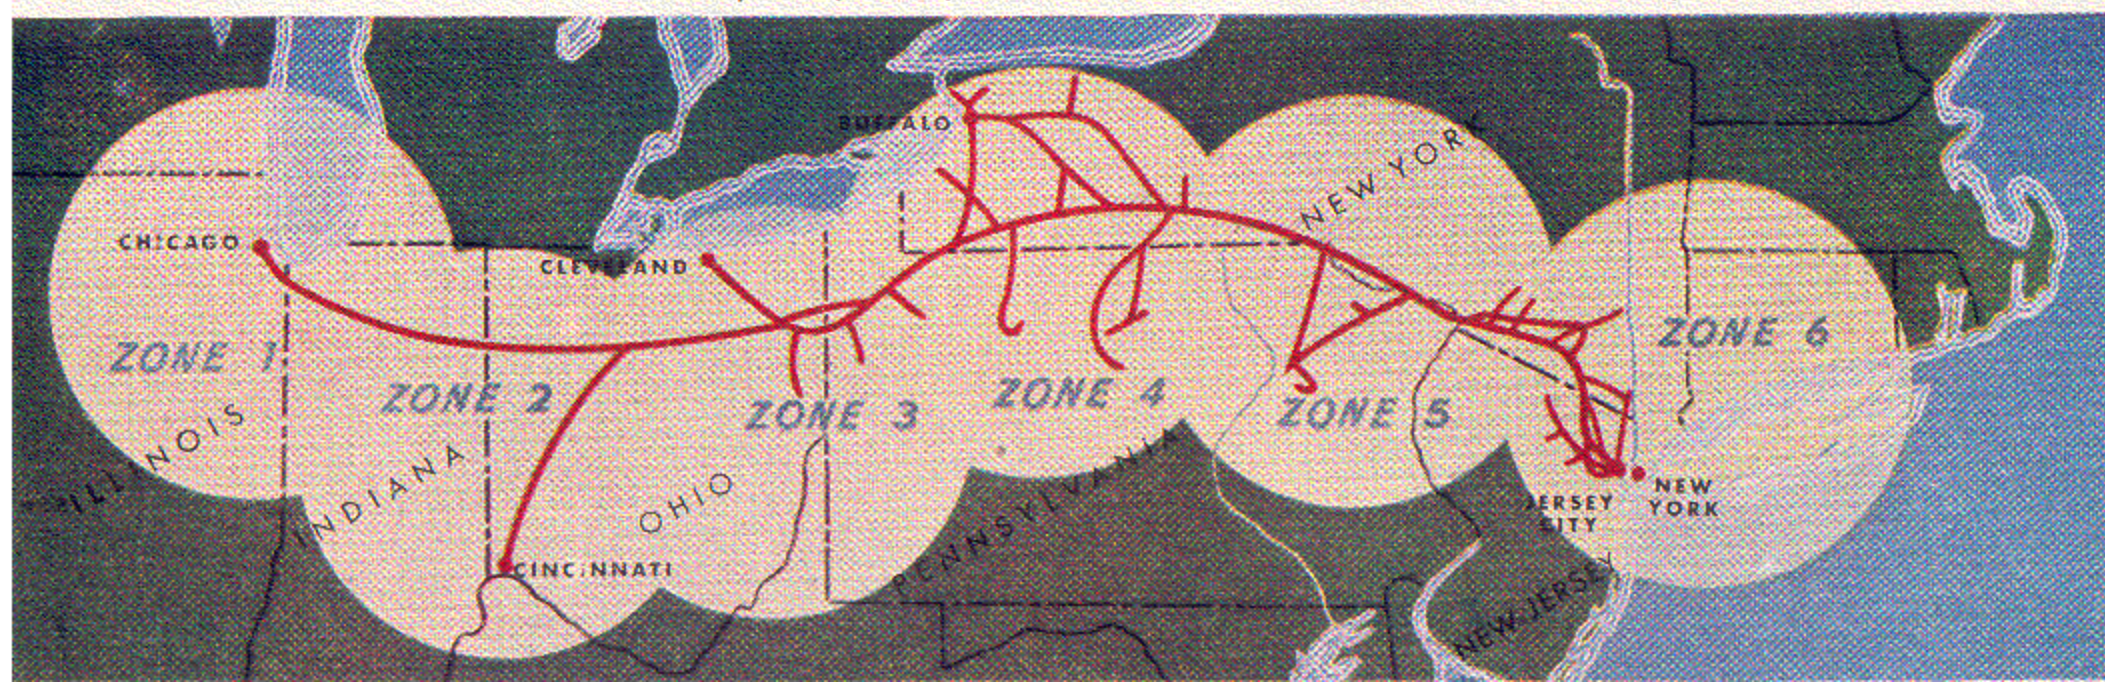

By locating on the Erie Railroad, the

advantages of the Erie Area are opened up to you . . . great and prosperous markets; abundant materials for most types of industries; power for every purpose; skilled labor; unexcelled transportation for your raw materials and finished products.

For specific data on the many desirable sites available . . . for facts on power costs; availability of labor; local regulations and taxes; and any other information, write A. B. Johnson, Vice President, Erie Railroad, Midland Building, Cleveland 15, Ohio.

Erie Railroad

THE ERIE AREA . . . OFFERS COAL, OIL, GAS, STEEL, SALT, GYPSUM, LIMESTONE, OTHER BASIC MATERIALS

Detailed map and description of the six zones of industrial opportunity within the Erie Area are yours for the asking.
